

Career Development Mentoring Program

“Tell me and I forget, teach me and I may remember, involve me and I learn.”
Benjamin Franklin

About the Career Development Mentoring Program (CDMP):

The principle purpose of the Mentoring Program is to support a practice which promotes the expansion of professional knowledge, skills, and abilities in all areas of career development and assists in the creation of opportunities for employees of the State of Delaware to achieve more.

Mentoring is a “Tool of Empowerment” that offers promising employees:

- Guidance in their pursuit of professional development,
- Encouragement in taking control of their own careers and
- Inspiration to aspire without limitations.
